girls meet the workforce

Host an 11th Grade Extern, July 2026

Over 100 girls are in need of Externships

GIRLS MEET THE WORKFORCE

The Girls Meet the Workforce four-week Externship program is designed to give high school girls exposure to career options through interactive activities focused on workforce development. We partner with local companies to provide Girls Inc. girls with the workforce experiences that prepare them to enter companies like yours, when they graduate from college. Girls receive a minimum of 50 hours of Girls Inc. training prior to placement and require mentors within your company for this invaluable experience. There is a \$1,000 tax deductible donation per placement (per girl) which will support each girl as they navigate their paths to college. Host a girl at your company, July 2026.

MENTORSHIP

Help identify Girls Inc. high school girls' field of interest and expose them to positive adult role models within that field.

CAREER EXPLORATION

Provide Girls Inc. high school girls with hands-on career exposure in a variety of industries.

EDUCATIONAL GOAL SETTING

To encourage Girls Inc. high school girls to pursue a college education and provide information needed to achieve their goals.

SIGN UP TODAY!

Sign up to host high school girls this summer! Deadline to sign up is March 26, 2026
